## MICHIGAN HAPPENINGS.

EVENTS AND INCIDENTS THAT HAVE LATELY OCCURRED.

An interesting summary of the more important things of our neighbors—Weddings and Deaths—Crimes, Casualties, and General News Notes.

The schooner, George, has gone into winter quarters at Detroit.

Captain Grummett has laid up the tug W. A. Moore and Osage and the schooner Swallow.

It is reported that Captain Laughlin's schooner, the Seaton, is a total loss at Port Elgin, Ont., where she went ashore.

The new Michigan Central ice-crusher for Detroit has been launched at Cleveland, and when she arrives will doubtless be queen of the Detroit River.

Her length over all is 280 feet, 45 feet 6 inches beam, 17 feet 3 inches hold, and 75 feet from outside to outside of guards.

The latter are such additions that they are to furnish quarters for the officers of the ship. Her deck between guards is of such width as to afford room for three railway trucks.

For the purpose of running cars and engines into her decks she has square ends. Her pilot-house is on a bridge at the forward end of the vessel, and is nineteen feet above the deck. Her bow is peculiarly shaped in order to make her a thorough ice-breaker, and has been stiffened with keelsons for the same purpose.

So much attention has been given to her with this end in view that it is estimated that she could break through ice three feet thick without injury, and could be sailed through ice one foot in thickness at a speed of seven miles per hour.

Her screw wheel is nine feet in diameter, and her side wheels are about with heavy steel facing to assist in breaking ice. The power which is to push her through the water or ice of the above thickness is in four steel boilers, 11 feet 6 inches, 16 feet long, or 41 feet longer than the ordinary boilers on the lakes.

These boilers have two domes 20 feet long and 48 inches in diameter and one dome 10 feet long and 6 feet in diameter. These boilers will furnish steam for six cylinders; two 28x48 inches on each side of the screw engine, and two cylinders 28x36 inches for steam-wheel engine, each with separate condensers.

Cylinders are double low pressure, with horizontal engines. The latter have two steel spur gears 16 feet in diameter, all cut teeth, and two steel spur pinions 5 feet 6 inches in diameter, all cut to fit. The whole cost of this remarkable steamship is \$125,000.

She is to be finished up at the Cleveland port, and is expected to be ready for sea about the middle of next January. She will then leave Cleveland for Detroit regardless of the amount or thickness of ice on Lake Erie.

Annie Hocking asks the Wayne County Circuit Court for authority to demand from her husband, John G. Hocking, who has an action against her, the sum of \$5 per week temporary alimony and \$25 solicitor's fee.

The seed sown by the howl of dissatisfaction that went up from every one when it was learned that the League baseball club had been sold has borne fruit, and a new base-ball association has been started at Detroit.

Among those who responded to the call for a meeting of those interested in base-ball were George C. Chittenden, one of the owners of the Russell House; M. B. Mells, a prominent real-estate man; George H. Barbour, a wealthy merchant; Judge E. O. Durfee, Robert H. Leadley, the manager of the old club. Ex-President Stearns and Director George M. Vail, of the old National League club, were not present, but sent word that they were heartily in accord with the object of the meeting.

It was decided to put a strong nine into the International League the coming season, regardless of cost, and a committee was appointed to receive stock subscriptions from many of the prominent merchants who have expressed a desire to have a financial interest in the new club. There is no doubt of the success of the scheme, as George M. Vail is willing and ready to take the entire block of stock if allowed. He will do so, however, as organizers think best to let the merchants who desire an interest, and thus place it on a solid financial basis by having many working for the success of the club instead of one man.

The par value of the stock will be \$50 per share. P. O. Leadley will be the manager of the new club, and the International League next season will be composed of Detroit, Toledo, Buffalo, Toronto, London, Syracuse, and Rochester, and, possibly, Hamilton, Ont.

The Chief and Savidge Lumber Company have begun work in the Wayne Circuit Court against Edgar H. Durand, George Houdin, et al., for \$3,000 damages, claiming a mechanic's lien to the amount of \$2,528.10 on the property of the defendants.

There are two lines in Detroit who may be taken out and lynched if the town people do not cool down. They are Joseph Fowler, a wood man who pounded John Fowler of Fairview so that he may die, and Albert Baulle, a woodman, who assaulted Pauline Burdett, a German girl. Her recovery is doubtful. The officers have taken unusual precautions to guard their prisoners.

Murphy & Dorr will bank 6,000,000 feet of logs on the Molasses, in Gladwin County. T. E. Dorr & Co. will put in 5,000,000 on Bluff Creek, in Midland County, and Edgar, Dorr & Co. will lumber here quite extensively on the Mackinac Division, north of Hay City.

With good weather the A. W. Wright Lumber Company will put into the Sugar 20,000,000 feet by Jan. 1, all of their own logs they expect to bank this winter. They will put in about 20,000,000 feet on their logging railroad for other parties.

—O. B. Oliver, a wealthy farmer living five miles south of Jackson, dropped dead of heart disease. Strong political excitement is supposed to have hastened his death.

—The new works of the Jackson Water Gas Company are now in operation, giving the company a capacity of 750,000 feet of gas per day.

—The Bay Port stone quarry has received an order for 170 cords of stone for the construction of the Hay City center bridge.

—Mr. Pleasant not only presents a lively appearance, but is lively, and growing too.

—The residence of Jerry Lafleur, of Monitor Township, Bay County, burned with its contents. The family were absent at the time. Loss, \$1,000; insurance, \$400.

—Twenty-eight new buildings are in process of erection at Marquette.

—In 1884 Maxwell M. Fisher, aged 59, a millionaire of Detroit, and Frances A. Fisher, aged 55, were married. They went on a wedding tour to California. A month later, while in Santa Barbara, Mr. Fisher alleges that his wife yelled at him so long and so loud one night that half the people in the Artherton Hotel awoke, and listened.

They traveled around California for about two months, and at almost every hotel at which they stopped Mr. Fisher alleges that his wife repeated the disturbance. May 1 they settled down in Detroit. Mr. Fisher charges that his wife circulated scandalous stories about him and an innocent young woman living in the household. One evening in November, 1885, Mr. Fisher states, his wife "began to talk at him" and continued until 3 o'clock the next morning without stopping.

At that hour Mr. Fisher timidly ventured to attempt to talk back, when she sprang from bed, he says, and hit him in the face several times, knocking him out in the first round. May 29 last he filed a bill for divorce. Mrs. Fisher did not file an answer and Judge Gardner granted the divorce. Mrs. Fisher is worth \$150,000 in her own right and both parties in the suit are well known in Detroit.

—It is beyond question that one of the finest points on the Toledo, Saginaw and Mackinac Railroad is the village of Burt, of Taymouth Station. It has already assumed business proportions. The East Saginaw Hoop Company has located there, which will give employment to a large number of men. It also demands from the farmers this winter 600,000 hoops.

Hunter & Mathewson have opened a fine store of drugs, groceries and dry goods. W. Crofoot has also a general store. Mrs. Hunt has built a large store for her stock of general merchandise of all descriptions. She also has the material to build a large addition to her present store. Tinkham & Baker have opened their sample rooms.

The M. E. Church Society has a fine building under construction for a church in which the Rev. Mr. Lindsay is to preach. D. C. Ashmun, of newspaper fame, has erected an editorial sanctum in which he writes "the mold of public opinion," the printing press, and publishes his racy sheet known as the Burt Advocate. Mrs. Miller has converted her home into a hotel by rebuilding and adding new additions to it. A blacksmith and wagon shop is soon to be constructed, but the crowning part of all is that the railroad company is depositing an elegant structure for a depot, adorned in all the arts of architectural skill. Notwithstanding the fact that it is centered in the midst of a rich agricultural region it is supplied with an abundance of timber of all descriptions, thereby opening up one of the finest opportunities for all kinds of timber and wood manufactures.

Mr. Watson, manager of the E. S. Hoop Company, who is a keen-sighted man, soon took advantage of this fact. The village is situated on a direct line between Birch Run and Chesaning, with no towns of any importance within a radius of eight or ten miles, and boasts of one advantage over any other towns on the line, and that is it is midway between East Saginaw and Flushing, thereby being almost free from the competition of these two places. All other villages being nearer.

—I. O. Gurley, of Springfield, has made 3,000 barrels in the past two months. He is no bodder, but has plenty of barrels.

—Mrs. Mary L. Sammons, aged 85, of Jackson, has presented a patchwork quilt to the Home Missionary Society of the M. E. Church, of that city.

—There is a mighty menut man at Jackson. He told a citizen reporter the following story on his wife: An East Side benedict was relating some of the experiences of his married life with reference specially that his wife had "little knowledge of the culinary art." Said he: "We had been out to ten one evening and we had some curmuck cake that struck my fancy. Going home my wife proposed to make some, but when I told her to know how to get the curmucks in. 'Why, that's simple enough,' said I. 'They get a blowgun, and blow them in.' If you'll believe me the next day when I came to dinner she was out in the kitchen, actually blowing the curmucks in the dough with a blow-pipe."

—There were 760 prisoners at Jackson Nov. 1.

—Potosky young people, notwithstanding their reputation for kindness, talk of organizing a dramatic club.

—Mr. Phelps, of Camden, N. J., will remove his counting factory to Jackson, provided a bonus of \$5,000 is given him. The factory will employ from 100 to 200 men the first year, and increase the business as fast as possible. A committee of Jackson business men has been appointed to canvass the city for the \$5,000.

—The new Presbyterian Church of Grayling has been dedicated.

## FIFTY-FIRST CONGRESS.

A PROBABLE REPUBLICAN MAJORITY IN BOTH HOUSES.

The Republicans have Most Likely Secured Control of the National Government—Where the Republicans Gained—Compiled from Latest Returns.

Returns from the Congressional contests show that the Republicans have secured full control of the National Government, increasing their majority in the Senate, and establishing a majority in the lower house.

The Legislature of Delaware is Republican by 2 to 1 joint ballot, which will result in the election of a Republican United States Senator to succeed Saulsbury and in the retirement of Secretary Bayard to private life, for a time at least.

If the Republicans of West Virginia have secured the Legislature of that State, as claimed, a Republican successor of Keane will be chosen.

In the lower house of the present Congress the strength of the parties is: Democrats, 168; Republicans, 157; Independents, 4. The returns so far received indicate, granting doubtful districts to the Democrats, that the lower house of the Fifty-first Congress will stand: Republicans, 166; Democrats, 159; a Republican majority of 7.

The net gains of the Republicans are: California, 1; Connecticut, 1; Iowa, 2; Louisiana, 1; Maryland, 1; Michigan, 2; Minnesota, 3; Missouri, 2; Nebraska, 1; New Hampshire, 1; Ohio, 1; Pennsylvania, 1; Tennessee, 1; West Virginia, 1. The net Republican losses are: Indiana, 3; Kentucky, 2; New York, 1; North Carolina, 2; Virginia, 3.

## POLITICAL AND MISCELLANEOUS.

### Thanksgiving Declaration.

The time-honored custom of our fathers, a year filled with peace and plenty, the absence of famine and far-reaching pestilence and the unexcelled comfort and prosperity of our people, have all come to us through the mercy and goodness of an all-wise and overruling Providence. In recognition of these blessings and in harmony with the sentiments of a thankful people, I do hereby appoint Thursday, the twenty-ninth day of November, A. D. 1889, as a day of general thanksgiving and praise. Upon that day let us remember and be grateful by thought, word and deed that in our own Commonwealth of Michigan we are among the most favored of peoples, and may our gratitude find expression in praise to Almighty God. Let the happiness that may come in the preservation of health, the sunshine of prosperity, the reunion of friends, or through other channels, be increased to each of us by some generous deed to another more unfortunate than ourselves.

In witness whereof, I have hereunto set my hand and caused to be affixed hereto the great seal of the State, this tenth day of November, A. D. one thousand eight hundred and eighty-eight.

By the Governor,  
G. R. OSBORN, CYRUS G. LUCE,  
Secretary of State.

If General Alger should take a place in President Harrison's cabinet the problems of Michigan would be not only delighted to have it so, but very glad to invite comparison with Michigan's member of President Cleveland's cabinet. In M. D. has been simply a political machine; Gen. Alger would be found at his post of duty, faithful to his trust and never abandoning his position. —*Det. Tribune.*

"THE MORNING GREETING" is the title of the premium engraving which Peterson's Magazine offers as a club premium for 1889. It is very beautiful, and in a style entirely different from any of preceding years. The background shows a picturesque cottage and landscape, and in front stands a lovely girl surrounded by the dainty pets of the farm. It is from a painting by a celebrated artist and is a gem. Another premium will be "Buds and Blossoms," a volume of original and selected poems, handsomely bound and profusely illustrated with beautiful steel and wood engravings. It is decidedly the most perfect gift-book ever offered by any magazine. Another premium is a years subscription to the Magazine. The leading newspapers pronounce "Peterson's" equal in a literary point of view to the highest priced periodicals, and as a fashion guide far ahead of any of the lady's books. It has some of America's most popular authors among its contributors. It has numerous excellent wood-illustrations, and its fancy and household departments are unrivaled. Terms \$2.00 per year, with great reductions to clubs. Get up a club and thus secure one or more of these handsome premiums. Specimens with full club rates, etc., sent gratis to those wishing to get up clubs. Address, PETERSON'S MAGAZINE, 306 Chestnut Street, Philadelphia, Pa.

The Century Magazine.

The November CEXURY begins the thirty-seventh volume and nineteenth year of the magazine, and the number is made notable by the beginning of several new series, or magazine "features." The most important of these is the first installment of the CEXURY Gallery of Old Masters, engraved by T. Cole, and described by W. J. Stillman and by Mr. Cole himself. The engravings in this series were made in the presence of the original pictures themselves; they are actual copies, and unique in the history of art; for such careful copies never before made on wood.

The first of Mrs. Foote's "Pictures of the Far West," a full-page engraving, is given in the same number.

Julia Schaver contributes a story, Dr. Robinson answers, with the aid of illustration, the interrogative title of his article, "Where was the place called Cavalry?" Murat Halstead has a paper on "Gravelotte Witnessed and Revisited," accompanied by numerous illustrations. Dr. Lyman Abbott has a timely and thoughtful essay on the present tendency of religious thought throughout the world, under the suggestive title of "The New Reformation."

There are poems by James Whitcomb Riley, Geo. Parsons Lathrop, Joaquin Miller, T. W. Parsons, Helen Gray Cone, Edith M. Thomas.

Another Michigan beast has been arrested in the person of Anson Cotton, who was captured at Bellefleur last Saturday and jailed at Kalkaska for attempting a criminal assault on Jesse Phelps, a pretty school teacher employed in the northern part of Kalkaska county. Cotton attacked her as she was on her way home from school but the girl with great spirit and remarkable strength and endurance fought him successfully for over quarter of a mile, finally reaching town and out of breath, but in such a state of righteous anger as would have led to Cotton's death had she been able to accomplish it. Upon being arrested the brute said Miss Phelps offered him \$25 if he would let her go but he refused.—Det. News.

## Dedication.

The dedication of the Presbyterian church last Sunday, will be long remembered as making a pleasant event in the church history of Grayling. Through the courtesy of Rev. J. W. Taylor, no services were held at the M. E. church and the new edifice was filled to its utmost capacity. The morning sermon by Rev. Dr. Hunting, Pres. of Alma College, was an intellectual feast that was highly appreciated by all. The subject of the evening, "Christian Education," was presented by Rev. Mr. Marsh, of Grand Rapids, followed by Dr. Hunting, whose word pictures of the needs of our kind in this direction, made a deep and, we believe, a lasting impression on the large audience.

The music under the direction of Prof. Lankow, who presided at the organ, was not the least part of the pleasant service. The choir was greatly strengthened by the presence of Mrs. Dr. Smith, of Otego Lake, Ala.; Miss Belle Stronach, Soprano and Will S. Carpenter, Tenor, of Gaylord.

After the morning service, Rev. J. H. Phelps presented a financial statement, showing that a debt of \$250 remained against the church, which amount was subscribed by citizens present, so the dedication was completed with the society free from debt.

## Peterson's Magazine.

"CHEAPEST AND BEST" is a combination as difficult as it is desirable; but "Peterson's Magazine" has certainly accomplished it. The November number is a gem in every respect. In addition to a lovely steel-engraving, there are three full-page wood-illustrations. The stories are by popular authors and are up to the usual high standard of excellence. It is time to think of a magazine for next year, and we cannot too heartily recommend "Peterson." Every lady should take "Peterson." The terms are only Two Dollars per year, with greatly reduced rates when taken in clubs and with unusually fine premiums to those getting up clubs, viz. Three copies for \$4.50, with the beautifully illustrated book of poems, "Bud and Blossom," or a large engraving, "The Morning Greeting," for premium; four copies for \$9.00, with an extra copy, free for one year; or five copies for \$10.00, or seven copies for \$10.50, with both an extra copy of the magazine and either "Bud and Blossom" or the engraving as premiums. For larger clubs, still greater inducements. Any lady can, with a little effort, secure one or more of these premiums. Specimens sent free to those who desire to get up clubs. Address: PETERSON'S MAGAZINE, 306 Chestnut St., Philadelphia, Pa.

## The Detroit Evening News

There are newspapers floating through the State of Michigan of such variety that all classes can be perfectly satisfied. The great trouble with the masses is to know what ones they want to subscribe for, to meet their peculiar views. Of course the farmer will take an agricultural paper; the artisan a mechanical journal; professional men something in their line, and politicians their party organ, but beyond all this there is a vacancy to be filled. All classes desire the News, straight goods, reliable form, and presented in reliable form. The Detroit Evening News fills this want in a large degree. Their long list of correspondents makes their state column unequalled and their general news of current events is second to none. While we cannot in any way give contentment to the free trade heresy which pervades their columns, and the principles of which have been so sternly rebuked at the polls, yet we believe the dissemination of the question fairly will be of benefit to the country, and that no harm will come from reading their side of the story, therefore we can cheerfully recommend the Evening News to the people as a news paper.
